Aug'2014 – Dec' 2014(4 months)	Tax Tech India Pvt Ltd, Gandhinagar : QA Manager
Aug' 2012 – Aug' 2014(2 Years)	HighQ Solution, Ahmedabad. Test Lead
May' 2006 – July' 2012(6.2 Years)	Cygnet InfoTech Pvt. Ltd (ISO: 9001:2008, CMMI-3, ISO:270001), Ahmadabad. Last Designation: Asst. Test Manager (1.5 years)
Dec' 2004 – Mar' 2006(1.3 Years)	Gateway Techno labs Pvt. Ltd, Ahmedabad. Designation: QA Executive
Dec' 2003 – Nov' 2004(1 Year)	Kirloskar Computer Ltd, Bangalore. Designation: Software engineer (Performed Tester Role)

Technical Skills	
Testing Automation Tools	QTP,Selenium2(WebDriver),Appium(MobileAutomation), OATS,WPSuite_Win32_3.2(Performance),TeamSuite(Manual Testing)
Source Control Tools	Visual Source Safe, TortoiseSVN, Github, SourceTree
Bug Tracking Tools	Mantis, BugZilla, Clear Quest, FogBugz
Test Management Tool	JIRA, Quality Control, Test Link, TFS
Programming Language	Knowledge of Java,Java Script,Python
Databases	SQL Server2005,2008,2012
Server	Tomcat 4.1
Operating System	WINDOWS 9x/NT/2000/Xp/Vista/win7/win8/win10, MAC 10.5
Localization Tool	RC-WinTrans X8

Education

Masters	MCA(Master of Computer Application)
College	Sir MVIT, Bangalore in 2003
Percentage	70%
Degree	B.Sc

Current Role and Responsibility

Role	Responsibility
Test Lead	**Off Shore/In House Testing Projects** - • Communication with client to understand his expectation and Requirements for project. • Clarify the Project and Testing scope with help of client communication and based on requirement documents.(SRS, Functional Flow Document, Mock Up etc) • Set Quality standards for the teams in various new testing technologies in the industry. This may include finding new strategies for manual/automation testing and day to day work processes like agile and scrum. • Setup testing environment • Escalate the issues to Project manager/client to prevent possible bugs in early stage • Design Test cases & Test Script • Conduct the Project training to team members and assigned the relevant Task. • Involved in UAT and System Testing • Taking care of business requirement meets before delivered to client and change management and impact analysis • Managed testing & CMMI documents at client and organization level. • Manage bugs in bug tracking tools. • Bug Report to Project Manager/client and sending crisp and clear status to the higher management. • Creating and defining risks contingencies and plans. • Building up a team and choosing right number and skill set of resources. Resolving conflicts among team members.

PROJECTS & ORGANISATIONAL EXPERIENCE

1. Real-Estate B2C Portal, Native Mobile Apps   **Duration: 16 Months & Continue..**

Start from March'15

Role	QA Lead
Technologies	Microsoft Technologies (ASP.NET / SQL Server 2012),Android, iOS, Selenium WebDriver, Appium, JIRA.
Automation Tool	
Team Size	15
Description	CNS is a US base product development firm from CN Group of companies, Florida, having a development center in Ahmedabad. CNS is implementing B2C products of different domains to establish the brand value
Responsibility / Deliverables	- Following Agile development Cycle and part of Scrum Team. - Work in DevOps Team with CI and CD implementation fashion. - Closely work with Product Owner to defining Product backlogs. - liasoning between different group - Fine-tune the requirement and prepare development backlogs. - Creating stories, Involved in Grooming, Preparing acceptance criteria, Involved in sprint planning. - Managing different testing artifacts like TestCase, TestData, Test matrix. - Closely interacting with development team and fill up the GAP. - Creating/modifying requirement by interactive with product owner and stakeholders. - Performing functional, integration, Regression Testing - Developing hybrid Automation framework and planning to push regression suite into automation. - Android Mobile App automation with Appium - iOS Mobile App automation with XCUITest in Swift

2. **Collaborate**	**Duration: 24 Months & Continue...**
	Start from Aug'12
Role	QA Lead
Technologies	Java, Struts,SQLServer 2005
Automation Tool	Selenium WebDriver, Jmeter
Team Size	13
Description	HighQ Collaborate creates a unified space for secure enterprise collaboration between both internal and external users that uniquely combines advanced document management with enterprise-grade social tools. Uses include secure document exchange, client extranets, team collaboration and project management.
Achieved in Short Term	- Understand the Complex business flow of Product - Set up communication Bridge with different Team - Restructure and organize the QA process - Implement review process, mapping with Features and Optimize the Test Case in Test Matrix - Improve the Bug cycle - Setup nightly Auto deployment of Testing Build which save man hrs and downtime - Initiate product Knowledge sharing process in internal Team. - Define path for functional Automation, Push 50% manual regression test cases into automation. - Estimated and planned resource for upcoming priority task from Client

3. **Visual Guard 3.0 (Enterprise Edition)**	**Duration: 48 Months**
2.1 **Visual Guard Win Console**	**Start from April'08**
Role	Test Lead & Production Officer
Technologies	.Net Frame work 2.5,3.0,Sql Server 2005, Oracle 9i
Automation Tool	QTP 10.0
Description	Visual Guard win console is off shore testing project (Hourly based). Visual Guard helps you to improve the security on .Net applications. VG Win is a tool designed to manage user profiles,

roles and permissions in .NET applications. VG Win is first secure the user authentication, and then it will adjust the application according to the user permissions. Visual Guard administrative tools simplify the daily management of users and their permissions.

2.2   Visual Guard Web Console   Start from March'09

Role	Test Lead & Production Officer
Technologies	.Net Frame work 2.5,3.0,Sql Server 2005, Oracle 9i
Automation Tool	Selenium2(Web Driver) in C#
Description	Visual Guard Web Console is off shore Development & testing project (Hourly based). Visual Guard provides a new Web Console for administrators. Web Console is a ready-to-use console that helps you to manage user accounts, applications, role, permission sets etc by using internet.

2.3   Visual Guard Server   Start from May'08

Role	Test Lead & Production Officer
Technologies	.Net Frame work 2.5,3.0,Sql Server 2005, Oracle 9i
Description	Visual Guard Server providing security on non-securable database

2.4   Visual Expert & DBE Tool   Start from July'08

Role	Test Lead & Production Officer
Technologies	.Net Frame work 2.5,3.0,Sql Server 2005, Sybase ASE, Oracle 9i
Description	Visual Expert helps you to do Impact Analysis, Detecting dead Code, Generate the Source code documentation to easy knowledge transfer to other employee, Discover the application structure and its components Explore the inheritance tree and master the framework
	Database Extractor Tool is a part of Visual Expert. It helps you to extracts all your stored procedures and data model from your Database like Oracle,Sybase ASE & SQL Server. It extract your stored procedures, triggers and the description of the tables, columns, views & You can preview the code of each of your Database components.

4. Localization (Adobe Products)   Duration: 3 Months

Role	Test Lead
Technologies	RC-WinTrans X8
Team Size	4
Platform	Window 7,Vista,XP (Multilanguage)
Description	This is off shore testing project for Adobe.
	I had fixed the truncation issues like truncation/overlapping on any dialog, missing hotkeys on any dialog/menu using visual inspection and the validation for all translated RC,RC2 files in different language using RC-WinTrans Tool.

5. ProLeads   Duration: 4 Months

Role	Test Lead
Technologies	.Net Frame work 2.0,Sql Server 2005
Platform	Windows XP, Vista
Team Size	10
Description	ProLeads provides the most up-to-date and detailed project information across countries and across industries. It provides the ongoing projects related details, status, schedule, product, technology and latest news for the Project. It also provides the analytical and forecasting of the data for specific market and industry.

6. **Residential Link Vortal** (customize Share Point)	Duration: 2 Months

Role	Test Lead
Technologies	.Net Frame work 2.5,Sql Server 2005,Share point
Platform	Windows XP, Vista
Team Size	5
Description	Vortal is off shore development and testing project (Hourly based). Vortal is web-site and provide a web-enabled user interface for external users for title and escrow entry and content management. The Residential Vortal will provide a means to place an order, view status of a transaction and upload / download pertinent documents related to the transaction.

7. **Magnifi** (E-Learning System)	Duration: 6 Months

Role	Sr. QA Executive
Technologies	.Net(2005), Sql Server 2003
Platform	Windows 2000
Team Size	7
Description	The Magnifi's Learning Management System is a software package that automates training. Provide training specifically for the medical device industry. It is a scalable, flexible platform for managing e-learning activities, resources, training modules, and tests. The product is an end-to-end fully integrated learning solution that enables trainees to manage their entire training. It allows admin to upload the training material as per the latest courses.

8. **BettaPlan**	Duration: 6 Months

Role	Testing Team Lead
Technologies	Delphi 7, Firebird 1.5,Sql Server 2000
Platform	Windows XP, Vista
Team Size	5

9. **EzyLastMinuteUpdate**	Duration: 2 Months

Role	Sr. QA Executive
Technologies	.Net(2005), Sql Server 2005
Platform	Windows 2000
Team Size	4

10. **Job Stack** (Recruiter Management System)	Duration: 2 Months

Role	Sr. QA Executive
Duration	2 Month
Technologies	.Net(2005), Sql Server 2003
Platform	Windows 2000
Team Size	4

11. **Department of Charitable Gaming** (DCG)	Duration: 3 Months

Role	QA Executive
Technologies	.Net, Oracle 9i
Platform	Windows 2000
Team Size	3

12. **NiteOwl Plus Site** (Property Search)	Duration: 4 Months

Role	QA Executive
Technologies	.Net(2003),SQL Server 2003
Platform	Windows 2000
Team Size	4

13. XChangePos	Duration: 3 Months

Role	QA Executive
Technologies	Delphi, SQL Server
Platform	Windows 2000
Team Size	3

14. AntiSpam & Antivirus mail scanner system	Duration: 5 Months

Role	QA Engineer
Technologies	J2SDK1.4.2,PostgreSQL,Tomcat 4.1 ,Java, JSP, Struts(MVC)
Platform	Windows 2000
Team Size	2

15. E-LogistiX (Message Passing Middleware for Internet based technologies)	Duration: 5 Months

Designation	QA Engineer
Technologies	java, java mail, swings, xml, PL/SQL
Platform	Windows 2000
Team Size	3

16. Document Management System (DMS)	Duration: 4 Months

Role	QA Engineer
Technologies	PHP 5.0,MySQL 3.23
Platform	Windows 2000,XP
Team Size	1

17. Content Management System (CMS)	Duration: 5 Months

Role	QA Engineer
Technologies	Java,Jsp,Struts,Mysql
Platform	Windows 2000,XP
Team Size	2
